

Healthy Old Age Brings Happiness

Simple Remedy Promotes Health By
Overcoming Tendency to
Constipation.

Advancing years impair the action of the vital organs. Old age should be the period of greatest happiness, but good health is necessary. Constipation should not be tolerated—it is often the direct cause of ill health.

Headache, belching, biliousness, bloating, drowsiness after eating and other symptoms of constipation can be readily relieved by the use of a simple laxative compound sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. Mr. J. H. Bristol, 1412 Geddes Ave., Ann Arbor, Mich., who is 82 years old, says "Dr. Caldwell's Syrup Pepsin is the best remedy I ever used for constipation and I always have a bottle of it in the house to use when I feel the need of it; it never disappoints."

Dr. Caldwell's Syrup Pepsin is a mild laxative preparation, positive in its effect, acting easily and naturally without griping or other pain or discomfort.

For over a quarter of a century it has been the standard household remedy in thousands of homes. Druggists everywhere sell it for fifty cents a bottle. A trial bottle

of Dr. Caldwell's Syrup Pepsin can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Illinois.

"THE ETERNAL CITY"

Hall Caine's Masterpiece at the Harte Theatre Today.

Hall Caine was perhaps the most interested spectator in the throng that crowded the Marble Arch Pavilion in London within the fortnight, when the long-heralded screen adaptation of his "Eternal City," which was made by the Famous Players Film company with Pauline Frederick as the star, was presented to the British public for the first time. At the close of the performance, which was warmly received, Mr. Caine cabled the feature producers congratulating them upon their unsurpassed production.

"Personally, I think it is a wonderful production," declared Mr. Caine to the London representatives of the company. "It follows my story with an exactness that is remarkable. The pictures of 'The Eternal City' convey just the idea and infuse just the atmosphere that I strove to impart to the book. I am delighted with the film and I only hope that those who see it in the picture theatres will derive as much pleasure from seeing it on the screen as I myself did."

The Kinematograph and Lantern Weekly said in part: "We congratulate the Famous Players Film Company upon the complete and signal success of their effort in every way, for the production stands out as one of the best that has been submitted for public approval."

The Bioscope, another eminent British trade authority, has this to say concerning "The Eternal City": "That the Famous Players Company should have had the courage and enterprise to conceive and consummate so ambitious a scheme is characteristic of their well-known policy of sparing neither money nor effort in perfecting their films—a policy which they laid down at the beginning of their brilliant career and which, unlike so many others, they have adhered to unwaveringly ever since." A Woman Doctor

says, "Eugenics is a necessary factor in the future of the race. The average American girl is unfit for motherhood." This may be true, but if weak and ailing girls passing from girlhood to womanhood would only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ills from which they suffer to disappear, so that motherhood might become the joy of their lives.

"MY BABY GIRL IS A PICTURE OF HEALTH"

"Brought Up" on Father John's Medicine, which Cured Her of a Terrible Cough and Built Her Up.

"My little daughter is certainly a picture of health. She had a serious attack of lung trouble, with a terrible cough. After trying a doctor's medicine, which did very little good, we gave her Father John's Medicine, with the pleasing result that she was soon well, and we know that Father John's Medicine will keep her well." (Signed) G. O. Krogstad, Lauesboro, Minn.

Father John's Medicine is a safe medicine for children as well as older folks, because it contains no alcohol or dangerous drugs in any form, but strengthens and builds up the whole system because it is made of pure and wholesome nourishing ingredients.

Dining Room Furniture.

All the furniture of the beautiful dining room should be in a dull finish, and for the same reason dull enamel wood trims. A highly polished table top serves as a mirror to cast into the room a bewildering number of reflections that injure the eyes and irritate the nerves. For the same reason plate glass tops are unhygienic. — Good Health.

Berlin, Oct. 25. (via London.)—Only a small part of the crew of the German cruiser Prinz Adalbert, sunk by a British submarine in the Baltic, was rescued. This was made known in the following official statement today:
